Mindstorms is a hardware
software platform produced by the
Lego for the development of
programmable robots based on
Lego building blocks. Each
version of the system includes an
intelligent brick computer that
controls the system, a set of
modular sensors and motors, and
Lego parts from the Technic line
to create the mechanical systems.

m - I've been interested in science
since a young age, and in gaming
since I first played D&D (the box
with a red dragon on it) in junior
high. I occasionally dream of
going back to school for an
astrophysics degree or becoming
a professional RPG writer.
